UNITED STATES POSTAL SERVICE

Statement of Ownership, Management, and Circulation
(Required by 39 U.S.C. 3685)

1. Publication Title	2. Publication No.	3. Filing Date
The Clinical Journal of Pain	0 7 4 9 - 8 0 4 7	October 1, 1995
4. Issue Frequency	5. No. of Issues Published Annually	6. Annual Subscription Price
Quarterly	4	$155 US/ $185 Foreign

7. Complete Mailing Address of Known Office of Publication (Street, City, County, State and ZIP+4, Not Printer)
12107 Insurance Way, Hagerstown MD 21740

8. Complete Mailing Address of Headquarters or General Business Office of Publisher (Not Printer)
12107 Insurance Way, Hagerstown MD 21740

9. Full Names and Complete Mailing Addresses of Publisher, Editor, and Managing Editor (Do Not Leave Blank)
Publisher (Name and Complete Mailing Address)
Lippincott-Raven Publishers, 227 E. Washington Square, Philadelphia PA 19106

Editor (Name and Complete Mailing Address)
Peter R. Wilson, MB, B.S., PhD, Dept of Anesthesiology, Mayo Clinic, 200 First St. SW., Rochester MN 55905

Managing Editor (Name and Complete Mailing Address)
Greg Fagan, Lippincott-Raven Publishers, 1185 Ave of the Americas, NY NY 10036

10. Owner (If owned by a corporation, its name and address must be stated and also immediately thereafter the names and addresses of stockholders owning or holding 1 percent or more of the total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a partnership or other unincorporated firm, its name and address as well as that of each individual must be given. If the publication is published by a nonprofit organization, its name and address must be stated.) (Do Not Leave Blank.)

Full Name	Complete Mailing Address
Lippincott-Raven Publishers	227 E. Washington Square, Philadelphia PA 19106
Wolters Kluwer US	1185 Avenue of the Americas NY,NY 10036
Wolters Kluwer nv (owns 100% of stock)	Stadhouderskade 1 1054 FS Amsterdam, The Netherlands

11. Known Bondholders, Mortgagees, and Other Security Holders Owning or Holding 1 Percent or More of Total Amount of Bonds, Mortgages, or Other Securities. If none, check here ☐ None

Full Name	Complete Mailing Address
None	

12. For completion by nonprofit organizations authorized to mail at special rates. The purpose, function, and nonprofit status of this organization and the exempt status for federal income tax purposes. (Check one)
☐ Has Not Changed During Preceding 12 Months

PS Form 3526, October 1994 (See Instructions on Reverse)

The Clinical Journal of Pain	Vol. 11 #1

15. Extent and Nature of Circulation	Average No. Copies Each Issue During Preceding 12 Months	Actual No. Copies of Single Issue Published Nearest to Filing Date
a. Total No. Copies (Net Press Run)	3078	3518
b. Paid and/or Requested Circulation (1) Sales Through Dealers and Carriers, Street Vendors and Counter Sales (Not Mailed)		
(2) Paid or Requested Mail Subscriptions (Include Advertisers' Proof Copies/Exchange Copies)	2027	2114
c. Total Paid and/or Requested Circulation (Sum of 15b (1) and 15b (2))	2027	2114
d. Free Distribution by Mail (Samples, Complimentary, and Other Free)	99	103
e. Free Distribution Outside the Mail (Carriers or Other Means)		
f. Total Free Distribution (Sum of 15d and 15e)	99	103
g. Total Distribution (Sum of 15c and 15f)	2126	2217
h. Copies Not Distributed (1) Office Use, Leftovers, Spoiled	952	1301
(2) Return from News Agents		
i. Total (Sum of 15g, 15h(1), and 15h(2))	3078	3518
Percent Paid and/or Requested Circulation (15c / 15g x 100)	95%	95%

16. This Statement of Ownership will be printed in the Vol. 11 #4 issue of this publication. ☐ Check box if not required to publish

17. Signature and Title of Editor, Publisher, Business Manager, or Owner — Operations Manager — Date 9/21/95

Paul J. Paquette

I certify that all information furnished on this form is true and complete. I understand that anyone who furnishes false or misleading information on this form or who omits material or information requested on the form may be subject to criminal sanctions (including fines and imprisonment) and/or civil sanctions (including multiple damages and civil penalties).

Instructions to Publishers

1. Complete and file one copy of this form with your postmaster on or before October 1, annually. Keep a copy of the completed form for your records.
2. Include in items 10 and 11, in cases where the stockholder or security holder is a trustee, the name of the person or corporation for whom the trustee is acting. Also include the names and addresses of individuals who are stockholders who own or hold 1 percent or more of the total amount of bonds, mortgages, or other securities of the publishing corporation. In item 11, if none, check box. Use blank sheets if more space is required.
3. Be sure to furnish all information called for in item 15, regarding circulation. Free circulation must be shown in items 15d, e, and f.
4. If the publication had second-class authorization as a general or requester publication, this Statement of Ownership, Management, and Circulation must be published; it must be printed in any issue in October or the first printed issue after October, if the publication is not published during October.
5. In item 16, indicate date of the issue in which this Statement of Ownership will be printed.
6. Item 17 must be signed.

Failure to file or publish a statement of ownership may lead to suspension of second-class authorization.

Subject Index

AAPM President's Message
Grass Roots, 169
From grass roots to Capitol Hill, 255
The time is now, 91
What's Up Doc?, 3
Adhesiolysis
Relevance of epidurography and epidural adhesiolysis in chronic failed back surgery patients, 147
Adverse effects
Moclobemide in chronic neuropathic pain: Preliminary case reports, 134
Analgesia
0.0625% Bupivacaine with 0.0002% fentanyl via patient-controlled epidural analgesia for pain of labor and delivery, 121
Analgesic drug development
Felbamate relieved trigeminal neuralgia, 139
Anesthesia
Memory for pain after nerve-block injections, 112
Anesthesia, general
Subarachnoid neurolytic block under general anesthesia in a 3-year-old with neuroblastoma, 143
Antidepressants
Moclobemide in chronic neuropathic pain: Preliminary case reports, 134
Antiepileptic drug
Felbamate relieved trigeminal neuralgia, 139
Anxiety
Memory complaints in chronic pain, 103
Assessment
Assessment of depression in chronic musculoskeletal pain patients, 194
Cues parents use to assess postoperative pain in their children, 229
Relationship between social desirability and self-report in chronic pain patients, 189
Attitudes of health personnel
Health care providers' attitudes and beliefs about functional impairments and chronic back pain, 287

Beliefs
Do changes in patient beliefs and coping strategies predict temporomandibular disorder treatment outcomes?, 177
Bisphosphonates
Use of a bisphosphonate (etidronate) to improve metastatic bone pain in three hospice patients, 333
Bone metastases
Use of a bisphosphonate (etidronate) to improve metastatic bone pain in three hospice patients, 333
Book reviews
Chronic Pain in Old Age: An Integrated Biopsychosocial Perspective, edited by R. Roy, 248
Classification of Chronic Pain—Description of Chronic Pain Syndromes and Definitions of Pain Terms, 2nd ed., edited by H. Merskey and N. Bogduk, 163
Frontiers in Headache Research, vol 4. Headache Classification and Epidemiology, edited by J. Olesen, 159
Living With It Daily: Meditations for People with Chronic Pain, by P. D. Nielsen, 85
Low Back Pain Syndrome—5th Edition, by R. Cailliet, 162
Myofascial Pain and Fibromyalgia—Trigger Point Management, by E. S. Rachlin, 247
Older Women with Chronic Pain, edited by K. A. Roberto, 160
Principles and Practice of Contemporary Acupuncture, by S. L. Liao, M. H. M. Lee, and L. K. Y. Ng, 247
Proceedings of the 7th World Congress on Pain. (Progress of Pain Research and Management, Volume 2), edited by G. F. Gebhart, D. L. Hammond, and T. S. Jensen, 249
Progress in Fibromyalgia and Myofascial pain, edited by H. Værøy and H. Merskey, 85
Touch, Temperature, and Pain in Health and Disease: Mechanisms and Assessments, by J. Boivie, P. Hansson, and U. Lindblom, 161
The Year Book of Pain, edited by G. F. Gebhart, J. D. Haddox, A. Jacox, N. A. Janjan, T. E. Rudy, B. S. Shapiro, and D. A. Marcus, 160
Bupivacaine
0.0625% Bupivacaine with 0.0002% fentanyl via patient-controlled epidural analgesia for pain of labor and delivery, 121
Complications of intrathecal opioids and bupivacaine in the treatment of "refractory" cancer pain, 45

Caffeine
Caffeine and chronic low back pain, 214
Cancer pain
Complications of intrathecal opioids and bupivacaine in the treatment of "refractory" cancer pain, 45
Intractable pain and suffering in a cancer patient, 70
Medical decision-making in a patient with a history of cancer and chronic non-malignant pain, 242
Subarachnoid neurolytic block under general anesthesia in a 3-year-old with neuroblastoma, 143
Cerebral functions, lateralized
Differential consequences of left- and right-sided chronic pain, 201
Cervical zygapophysial joint pain
The utility of comparative local anesthetic blocks *versus* placebo-controlled blocks for the diagnosis of cervical zygapophysial joint pain, 208
Chronic pain
Association between Worker's Compensation and outcome following multidisciplinary treatment for chronic pain: Roles of mediators and moderators, 94
Caffeine and chronic low back pain, 214
Differential consequences of left- and right-sided chronic pain, 201
Do chronic pain patients' perceptions about their preinjury jobs determine their intent to return to the same type of job post-pain facility treatment?, 267
Do chronic pain patients' perceptions about their preinjury jobs differ as a function of Worker Compensation and non-worker compensation status?, 279
Memory complaints in chronic pain, 103
Memory for pain after nerve-block injections, 112
Moclobemide in chronic neuropathic pain: Preliminary case reports, 134
Predicting subsequent employment status of SSA disability applicants with chronic pain, 22
Relationship between social desirability and self-report in chronic pain patients, 189
Relationship of learned resourcefulness to measures of pain description, psychopathology and health behavior in a sample of chronic pain patients, 259
Relationship of sexual and physical abuse to pain description, coping, psychological distress, and health-care utilization in a chronic pain sample, 307
Relevance of epidurography and epidural adhesiolysis in chronic failed back surgery patients, 147

Chronic pain, nonmalignant
Medical decision-making in a patient with a history of cancer and chronic non-malignant pain, 242
Classification
Review: DSM-IV and pain, 171
Cluster analysis
A New Zealand replication of the IPAM clustering model for low back patients, 296
C-nociceptors
Painful neuropathy: C-nociceptor activity may not be necessary to maintain central mechanisms accounting for dynamic mechanical allodynia, 63
Cognitive-behavioral
Do changes in patient beliefs and coping strategies predict temporomandibular disorder treatment outcomes?, 177
Complications
Complications of intrathecal opioids and bupivacaine in the treatment of "refractory" cancer pain, 45
Continuous epidural infusion
0.0625% Bupivacaine with 0.0002% fentanyl via patient-controlled epidural analgesia for pain of labor and delivery, 121
Continuous epidural infusion of local anesthetics and shorter duration of acute zoster-associated pain, 220
Coping
Do changes in patient beliefs and coping strategies predict temporomandibular disorder treatment outcomes?, 177
Pain in young adults. II: The use and perceived effectiveness of pain-coping strategies, 36
Relationship of sexual and physical abuse to pain description, coping, psychological distress, and health-care utilization in a chronic pain sample, 307
Coping strategies questionnaire
Pain in young adults. II: The use and perceived effectiveness of pain-coping strategies, 36

Decision-making
Medical decision-making in a patient with a history of cancer and chronic non-malignant pain, 242
Depiction
Prediction and portrayal of repetitive stress-induced lower limb pain disorders among soldiers in basic training using videothermography, 236
Depression
Assessment of depression in chronic musculoskeletal pain patients, 194
Memory complaints in chronic pain, 103
Diagnostic blocks
The utility of comparative local anesthetic blocks *versus* placebo-controlled blocks for the diagnosis of cervical zygapophysial joint pain, 208
Disability
Predicting subsequent employment status of SSA disability applicants with chronic pain, 22
Dorsal root ganglion
Effects of producing a radiofrequency lesion adjacent to the dorsal root ganglion in patients with thoracic segmental pain, 325
DSM-IV
Review: DSM-IV and pain, 171
Dynamic allodynia
Painful neuropathy: C-nociceptor activity may not be necessary to maintain central mechanisms accounting for dynamic mechanical allodynia, 63

Editorials
Back again?, 89
The curate's egg, 1
Diagnostic placebo—Another oxymoron?, 167
Worker compensation and personal injury, 253
Emotion
Differential consequences of left- and right-sided chronic pain, 201

Employment
Do chronic pain patients' perceptions about their preinjury jobs determine their intent to return to the same type of job post-pain facility treatment?, 267
Do chronic pain patients' perceptions about their preinjury jobs differ as a function of Worker Compensation and non-worker compensation status?, 279
Predicting subsequent employment status of SSA disability applicants with chronic pain, 22
Epidural
Relevance of epidurography and epidural adhesiolysis in chronic failed back surgery patients, 147
Epidurography
Relevance of epidurography and epidural adhesiolysis in chronic failed back surgery patients, 147
Etidronate
Use of a bisphosphonate (etidronate) to improve metastatic bone pain in three hospice patients, 333

Felbamate
Felbamate relieved trigeminal neuralgia, 139
Fentanyl
0.0625% Bupivacaine with 0.0002% fentanyl via patient-controlled epidural analgesia for pain of labor and delivery, 121
Ketorolac *versus* fentanyl for postoperative pain management in outpatients, 127

Health care utilization
Health care providers' attitudes and beliefs about functional impairments and chronic back pain, 287
Relationship of learned resourcefulness to measures of pain description, psychopathology and health behavior in a sample of chronic pain patients, 259
Relationship of sexual and physical abuse to pain description, coping, psychological distress, and health-care utilization in a chronic pain sample, 307
Herpes zoster
Continuous epidural infusion of local anesthetics and shorter duration of acute zoster-associated pain, 220
Hospice
Use of a bisphosphonate (etidronate) to improve metastatic bone pain in three hospice patients, 333

Intractable pain
Intractable pain and suffering in a cancer patient, 70

Ketorolac
Ketorolac *versus* fentanyl for postoperative pain management in outpatients, 127

Labor pain
0.0625% Bupivacaine with 0.0002% fentanyl via patient-controlled epidural analgesia for pain of labor and delivery, 121
Learned resourcefulness
Relationship of learned resourcefulness to measures of pain description, psychopathology and health behavior in a sample of chronic pain patients, 259

Local anesthetic
Complications of intrathecal opioids and bupivacaine in the treatment of "refractory" cancer pain, 45
Continuous epidural infusion of local anesthetics and shorter duration of acute zoster-associated pain, 220
The utility of comparative local anesthetic blocks *versus* placebo-controlled blocks for the diagnosis of cervical zygapophysial joint pain, 208
Low back pain
Caffeine and chronic low back pain, 214
Health care providers' attitudes and beliefs about functional impairments and chronic back pain, 287
A New Zealand replication of the IPAM clustering model for low back patients, 296
Lower limb
Prediction and portrayal of repetitive stress-induced lower limb pain disorders among soldiers in basic training using videothermography, 236

Mediating and moderating factors
Association between Worker's Compensation and outcome following multidisciplinary treatment for chronic pain: Roles of mediators and moderators, 94
Memory
Memory complaints in chronic pain, 103
Memory for pain after nerve-block injections, 112
Mental disorders
Review: DSM-IV and pain, 171
Moclobemide
Moclobemide in chronic neuropathic pain: Preliminary case reports, 134
Monoamine oxidase inhibitors
Moclobemide in chronic neuropathic pain: Preliminary case reports, 134
Motor vehicle accident
Thoracic outlet syndrome after motor vehicle accidents in a Canadian pain clinic population, 316
Multidimensional Pain Assessment Protocol (MMPAP)
Predicting subsequent employment status of SSA disability applicants with chronic pain, 22
Musculoskeletal pain
Assessment of depression in chronic musculoskeletal pain patients, 194

Neck pain
The utility of comparative local anesthetic blocks *versus* placebo-controlled blocks for the diagnosis of cervical zygapophysial joint pain, 208
Nerve-block injection
Memory for pain after nerve-block injections, 112
Neuralgia, postherpetic
Continuous epidural infusion of local anesthetics and shorter duration of acute zoster-associated pain, 220
Neuroblastoma, pediatric
Subarachnoid neurolytic block under general anesthesia in a 3-year-old with neuroblastoma, 143
Neuropathic pain
Felbamate relieved trigeminal neuralgia, 139
Neuropathy
Moclobemide in chronic neuropathic pain: Preliminary case reports, 134
Painful neuropathy: C-nociceptor activity may not be necessary to maintain central mechanisms accounting for dynamic mechanical allodynia, 63
Nonmalignant pain
Medical decision-making in a patient with a history of cancer and chronic non-malignant pain, 242

Obstetrical anesthesia
0.0625% Bupivacaine with 0.0002% fentanyl via patient-controlled epidural analgesia for pain of labor and delivery, 121
Opioids
Complications of intrathecal opioids and bupivacaine in the treatment of "refractory" cancer pain, 45

Pain *see also* specific type
Health care providers' attitudes and beliefs about functional impairments and chronic back pain, 287
Pain in young adults. II: The use and perceived effectiveness of pain-coping strategies, 36
Prediction and portrayal of repetitive stress-induced lower limb pain disorders among soldiers in basic training using videothermography, 236
Review: DSM-IV and pain, 171
Pain description
Relationship of learned resourcefulness to measures of pain description, psychopathology and health behavior in a sample of chronic pain patients, 259
Relationship of sexual and physical abuse to pain description, coping, psychological distress, and health-care utilization in a chronic pain sample, 307
Pain facility
Do chronic pain patients' perceptions about their preinjury jobs determine their intent to return to the same type of job post-pain facility treatment?, 267
Thoracic outlet syndrome after motor vehicle accidents in a Canadian pain clinic population, 316
Pain management
Use of a bisphosphonate (etidronate) to improve metastatic bone pain in three hospice patients, 333
Parents
Cues parents use to assess postoperative pain in their children, 229
Pathophysiological mechanisms
Painful neuropathy: C-nociceptor activity may not be necessary to maintain central mechanisms accounting for dynamic mechanical allodynia, 63
Patient-controlled epidural analgesia
0.0625% Bupivacaine with 0.0002% fentanyl via patient-controlled epidural analgesia for pain of labor and delivery, 121
Patient subgroups
A New Zealand replication of the IPAM clustering model for low back patients, 296
Pediatrics
Cues parents use to assess postoperative pain in their children, 229
Subarachnoid neurolytic block under general anesthesia in a 3-year-old with neuroblastoma, 143
Placebo effect
The utility of comparative local anesthetic blocks *versus* placebo-controlled blocks for the diagnosis of cervical zygapophysial joint pain, 208
Postherpetic neuralgia
Continuous epidural infusion of local anesthetics and shorter duration of acute zoster-associated pain, 220
Postoperative pain
Cues parents use to assess postoperative pain in their children, 229
Ketorolac *versus* fentanyl for postoperative pain management in outpatients, 127
Prediction
Prediction and portrayal of repetitive stress-induced lower limb pain disorders among soldiers in basic training using videothermography, 236
Psychoanalytic concepts
Secondary gain concept: A review of the scientific evidence, 6
Psychopathology
Relationship of learned resourcefulness to measures of pain description, psychopathology and health behavior in a sample of chronic pain patients, 259

Radiofrequency lesion
Effects of producing a radiofrequency lesion adjacent to the dorsal root ganglion in patients with thoracic segmental pain, 325

Scanning, epidural
Relevance of epidurography and epidural adhesiolysis in chronic failed back surgery patients, 147
Scientific evidence
Secondary gain concept: A review of the scientific evidence, 6
Secondary gain concept
Secondary gain concept: A review of the scientific evidence, 6
Segmental levels
Effects of producing a radiofrequency lesion adjacent to the dorsal root ganglion in patients with thoracic segmental pain, 325
Sexual/physical abuse
Relationship of sexual and physical abuse to pain description, coping, psychological distress, and health-care utilization in a chronic pain sample, 307
Sleep
Caffeine and chronic low back pain, 214
Social desirability
Relationship between social desirability and self-report in chronic pain patients, 189
Spinal opioid
Complications of intrathecal opioids and bupivacaine in the treatment of "refractory" cancer pain, 45
Stress
Prediction and portrayal of repetitive stress-induced lower limb pain disorders among soldiers in basic training using videothermography, 236
Subarachnoid catheterization, long term
Complications of intrathecal opioids and bupivacaine in the treatment of "refractory" cancer pain, 45
Subarachnoid neurolytic block
Subarachnoid neurolytic block under general anesthesia in a 3-year-old with neuroblastoma, 143
Surgery, ambulatory
Ketorolac *versus* fentanyl for postoperative pain management in outpatients, 127

Temporomandibular disorders
Do changes in patient beliefs and coping strategies predict temporomandibular disorder treatment outcomes?, 177
Thermography
Prediction and portrayal of repetitive stress-induced lower limb pain disorders among soldiers in basic training using videothermography, 236
Thoracic outlet syndrome
Thoracic outlet syndrome after motor vehicle accidents in a Canadian pain clinic population, 316
Thoracic pain
Effects of producing a radiofrequency lesion adjacent to the dorsal root ganglion in patients with thoracic segmental pain, 325
Transaxillary supraclavicular decompression
Thoracic outlet syndrome after motor vehicle accidents in a Canadian pain clinic population, 316
Treatment outcome
Association between Worker's Compensation and outcome following multidisciplinary treatment for chronic pain: Roles of mediators and moderators, 94
Trigeminal neuralgia
Felbamate relieved trigeminal neuralgia, 139

Unilateral pain
Differential consequences of left- and right-sided chronic pain, 201

Whiplash
The utility of comparative local anesthetic blocks *versus* placebo-controlled blocks for the diagnosis of cervical zygapophysial joint pain, 208
Worker's Compensation
Association between Worker's Compensation and outcome following multidisciplinary treatment for chronic pain: Roles of mediators and moderators, 94
Do chronic pain patients' perceptions about their preinjury jobs differ as a function of Worker Compensation and non-worker compensation status?, 279

Young adults
Pain in young adults. II: The use and perceived effectiveness of pain-coping strategies, 36

Zoster-associated pain
Continuous epidural infusion of local anesthetics and shorter duration of acute zoster-associated pain, 220
